

Writing task

You've listened to some of the story Hairy Maclary's Bone by Lynley Dodd and you have enjoyed reading it with me. Now I would like you to copy out part of the story below and have a go at adding the missing words. I've given you a choice of words to use so you can practise your spelling. Remember to think very carefully about which letters make which sounds. I also want you to think very carefully about copying all the words down exactly as they are in the story.

Remember -

- neat handwriting
- finger spaces
- full stops
- capital letters (don't forget capital letters for names !)
- use your phonics to help you to spell
